Applus Services, S.A.

Applus+ ACQUIRES K2 INGENIERÍA, ENVIRONMENTAL CONSULTING COMPANY IN COLOMBIA

- K2's **recognition and reputation in Latin America** will reinforce Applus+ presence in the region as a provider of highly- and increasingly demanded services
 - This latest acquisition is **well-positioned in the key market segments** of environmental consulting and monitoring and water and power engineering
 - K2 has a culture of developing **innovative solutions using digital technology and data science**
-

Madrid, July 14 2022 - Applus+, a global testing, inspection and certification company, is pleased to announce the agreement to acquire the entire share capital of K2 Ingeniería S.A.S (K2), a provider of environmental consulting and monitoring services based in Bucaramanga in Colombia. Closing of the transaction is expected within the next few weeks. The experienced senior management team will continue ensuring a smooth integration with Applus+.

K2 was established in 1999 and currently employs 257 professionals serving five key service lines: Environmental Consulting, Environmental Monitoring, Technology, Water Engineering, and Power Engineering. Its revenue in 2021 was €13 million.

Within the framework of sustainable development, K2 advises clients on diagnosis and problem solving with regard to environmental and social matters, developing projects focused on air and water quality, waste, noise, meteorology, and flora and fauna management. Its services are tailored to support the industrial, energy and civil infrastructure sectors.

In addition to its headquarters, K2 also has offices in Bogotá and outside of Colombia, in Peru, Ecuador and Guatemala.

This latest acquisition is a leader in the country and highly recognised in the region, holding a significant number of recognitions and distinctions for innovation and it has participated in the development of regulations to safeguard and improve the environment. It has also developed proprietary hardware and software solutions that strengthen its service offering using digital technology, IoT and Artificial Intelligence, all of which can be used in other end-markets and regions. For its part, Applus+ will also benefit from being able to offer the K2 client base further relevant services in the region.

These actions have attracted external recognition: high and above-average scores from S&P Global (54, 81% percentile), Sustainalytics (15.6, “Low risk”), from MSCI ESG Ratings (“AA”), from the CDP (“B”), from Gaïa (71/100) and the inclusion of Applus+ within the FTSE4Good Index Series of Ibex.

For the full year of 2021, Applus+ recorded revenue of €1,777 million, and an adjusted operating profit of €175 million. Headquartered in Spain, the company operates through four global divisions under the Applus+ brand. It is listed on the Spanish stock markets. The total number of shares is 143,018,430.
